

## **Pediatric Home Service Biography**

Pam Clifton  
Senior Vice President, Operation

Pam Clifton joined Pediatric Home Service (PHS) in 1999 as vice president of respiratory service. She is currently the senior vice president, operations and leads the activities of customer service, billing, warehouse, equipment processing and IT. A member of the senior management leadership team, Clifton works directly with the president to formulate and administer organization policies.

In addition to her clinical experience as a respiratory care practitioner, Clifton's healthcare experience has focused on process improvement, regulatory compliance, program development, re-engineering and leadership. She has had speaking engagements as a subject matter expert on case management and has authored several articles for clinical publications.

Prior to joining PHS, Clifton was a consultant with Larson, Allen, Weishair & Co., LLP. Post-Acute Consulting. She held several other senior executive positions in respiratory and clinical areas including: Territory Manager, Respiratory Management, Spectra Rehab Alliance, Inc, Assistant Administrator, Bloomington Care Center Subacute Program and CEO, Northwest Homecare.
