

Care & Service

Welcome!

Hello. I want to start off by welcoming you to the PHS family. We are grateful for the trust you place in us. We look forward to partnering with you to keep your child safe and healthy at home. When you work with PHS, you get more than just medical services — you get complete care. We provide a range of services that support a growing child. We can help with insurance and give warm hugs when life gets overwhelming.

As a Pediatric Center of Excellence, all decisions center around the needs of our patients and their families. This approach touches every aspect of our organization. It includes hiring and training our employees, supporting medical non-profits, representing patients' needs at the legislature, and doing medical research. To continually improve service, we at times send a patient experience survey and look forward to your feedback. We have been providing home care for complex pediatric patients for over three decades. Our mission is to take care of the child. Our goal is to make a positive difference in the life of every family we serve. Our hope is children with medical complexities have their best lives living at home participating in their communities.

We look forward to supporting you and your child through your journeys. Don't hesitate to call us if you have questions or concerns about anything related to your child's care. We are here to help.

About PHS

EMERGENCY CARE

Call 911 if you think your child is having a life-threatening emergency. PHS does not provide emergency medical services. We provide 24-hour support for PHS equipment, supplies, medicine, and services.

ACCREDITATION

A national organization approved by the Centers for Medicaid and Medicare Services officially recognizes PHS for the quality and safety of its patient care.

PHS NONDISCRIMINATORY POLICY

Pediatric Home Service (PHS) does not discriminate based on race, color, national origin, age, disability, or sex. PHS meets the requirements of Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, Section 1557 of the Patient Protection and Affordable Care Act of 2010, and the regulations related to these Acts.

PHS does not exclude people from service or treat them differently because of race, color, national origin, age, disability, or sex. PHS provides free aids and services to people with disabilities for effective communication, such as:

- Qualified sign language interpreters
- Qualified oral language interpreters
- Written information in other formats

NOTICE OF PROGRAM ACCESSIBILITY

Pediatric Home Service and all its programs and activities are accessible to and usable by persons with disabilities. These include persons who are deaf, hard of hearing, blind, or who have other sensory impairments. Access features at our service sites include:

- Designated disability parking
- Level access or ramps between parking areas and entrance
- Fully accessible public waiting areas, restrooms, and meeting areas/rooms

Communication aids are available at all sites for no additional charge and include:

- Qualified sign language interpreters for persons who are deaf or hard of hearing
- Access to qualified oral language interpreters
- Communication with PHS using the person's preferred Telecommunications Relay Service option
- Many materials are offered in a variety of written, visual, and audible formats and in other languages

Notify a PHS employee if you require any of these aids or other assistance.

Equipment and Supplies

Check that your child's health insurance pays for the equipment and services the doctor wants for your child. Your child's care plan and insurance determine the type of equipment we provide.

EQUIPMENT

- Your child's insurance determines whether you rent or buy PHS equipment.
- We rent and bill equipment on a monthly basis. We charge a full month's rental if you return equipment before the end of a one month period.
- We pick up rental equipment you no longer need.

EQUIPMENT MAINTENANCE OR REPAIR

Call a PHS clinician if you think your child's equipment needs maintenance or repair.

- Rented Equipment
 - We replace rented equipment at no cost if the unit needs maintenance or repair.
- Patient-Owned Equipment
 - You can rent a PHS replacement unit while we work on your child's equipment.
 - If your equipment is under warranty, there is no charge for maintenance, repair, and parts.
 - If your equipment is NOT under warranty, there is a charge for maintenance, repair, or parts.

Attention

Notify us if the doctor says to stop using equipment, supplies, medicine, or services we provide your child.

SUPPLIES

Your child's care plan and insurance determine the type, amount, and how often you can replace your child's supplies.

- You can only buy supplies — you cannot rent them.
- We can deliver supplies to your child's home or you can pick them up at our office.
- You cannot return supplies for credit or refund.
- PHS supplies are for home need only. Use hospital supplies if your child is admitted into the hospital.

Insurance

Help us keep the billing and insurance process as simple as possible.

LET US KNOW IF

- Your child's medical needs or insurance change.
- We need to send your child's billing information to someone other than the person who signed the PHS Home Patient Agreement.
- You have questions about your child's medical bill. We call your child's insurance company if we think the payment is less than it should be. We can request a special review of the payment decision (called an appeal).
- You have trouble paying your medical bill. Our Billing Specialists work with you to set up a payment plan.

UNDERSTAND

- Insurance may not pay for everything the doctor wants for your child.
- Your child's insurance may
 - Only pay for part of the cost of a product or service
 - Place limits on how often and how much product or service can be ordered
- Your signed PHS Home Patient Agreement lets us directly bill your child's insurance. If we don't get your signed form we send you the medical bill.
- We send you a bill for whatever amount your child's insurance does not pay.

Your Child's Care Plan

YOUR CHILD'S INFORMATION

Correct information helps us safely manage your child's care plan.

- We may contact you to confirm your child's name, birth date, gender, address, and insurance plan(s).
- Please let us know if any of your child's information changes.

FOLLOWING YOUR CHILD'S CARE PLAN

A doctor writes a care plan that describes the medical care your child needs. We provide you information on how to safely use PHS equipment, medicine, and therapies for this care plan.

ASSESSING PAIN

We need to know if PHS equipment, medicine, or therapies in the care plan cause your child pain. We work with you, your child, and the doctor or clinic to lessen or manage any pain.

RESUSCITATION

Cardiopulmonary Resuscitation (CPR) is an emergency procedure to keep blood flowing through the body when the heart stops beating. All PHS Clinicians are certified in CPR. They perform CPR when ethically required to do so. Please let us know if your child has a Provider's Order for Life-Sustaining Treatment (POLST) or an Advanced Directive.

Mandated Reporters

Under law, medical and social service professionals must report abuse and neglect they encounter while doing their jobs. Depending on the U.S. state, these persons must report if they know, or have reason to believe:

- A child or vulnerable adult is being neglected, abused, or exploited
- A child was neglected or abused within the preceding three years

PHS reports if we believe a child or vulnerable adult receiving our services is in danger. We make the report to the appropriate authorities. These could include local or state police, the county or state protective service agency, or a county or state attorney. PHS calls 911 if a child or vulnerable adult is in immediate danger.

To report an adverse event or medical device problem, please call FDA's MedWatch Reporting Program at 1-800-FDA-1088.

Emergency Situations

Being prepared for emergencies can make the difference between there being a mild nuisance or a possible tragedy. Here are some things to keep in mind when you or your child depend on medical support equipment.

EMERGENCY PLANNING

- Before going home from the hospital
 - Contact your police and fire departments and a local ambulance service. Notify them of your or your child's need for emergency services.
 - Notify your local fire department if you or your child use oxygen or life support equipment in your home.
 - Alert the electric company to put your home on a medical priority list for restoring power after an outage.
 - Notify the phone company if you don't use a cell phone. Alert them to put your home on a medical priority list for restoring service.
- Create an Emergency Action Plan. Talk with your PHS Clinician if you have questions or need help creating an Emergency Action Plan. Keep your Emergency Action Plan where it is easy for everyone to see. Review the plan with your family and caregivers on a regular basis and update when needed.
- Keep a working flashlight near the medical equipment. Never use candles.
- Keep a battery-operated radio close to the equipment.
- Identify only one location for storing backup medical equipment and non-refrigerated supplies.
- Use power surge protectors with your medical equipment.
- Sign up to be on your community's emergency warning system.
- Include health insurance information and medical provider contact information in your severe weather or emergency evacuation kit.

EMERGENCY PREPAREDNESS QUESTIONS?

Call PHS if you have questions about being prepared for an emergency when using medical equipment.

EQUIPMENT FAILURE

- Call 911 if a medical equipment breakdown is life-threatening.
- Call PHS to troubleshoot if a medical equipment breakdown is not life-threatening. We may need to repair or exchange the equipment.

POWER OUTAGE

- Prepare for a power outage by knowing
 - How long the battery for a piece of equipment can provide operating power
 - Where the equipment's backup battery is located
 - How to hook up or install the backup battery
 - How long you or your child can safely be without medical equipment support
- Remember that cordless phones do not work during power outages. Arrange for another method of emergency communication.

Emergency Situations (continued)

SEVERE WEATHER AND NATURAL DISASTERS

- Know where to find severe weather and natural disaster alerts. Examples include the Wireless Emergency Alert system and NOAA Weather Radio.
- Read information on preparing for and staying safe during severe weather and natural disasters. Go to any of the following: [ready.gov](https://www.ready.gov); [epa.gov/naturaldisasters](https://www.epa.gov/naturaldisasters); your state's weather safety or emergency preparedness websites.
- Contact the fire department for information on actions to take during severe weather or natural disasters.
- Locate evacuation routes and the nearest emergency shelters.
- Identify a safe place to go when not evacuating. Work out challenges to moving essential equipment and supplies, backup battery, flashlight, and battery-operated radio to that location.

Patient Rights & Responsibilities

STATEMENT OF PATIENT RIGHTS

A patient who receives equipment, treatment, or services from PHS has these rights:

1. Be fully informed, prior to or at the time of admission, of these rights and the patient's responsibilities.
2. Be informed, during the admission process, of services available through PHS and of any charges for services not covered by the patient's insurance company. A fee schedule will be made available to all private pay patients who request it.
3. Receive information about their illness, so that they may make informed decisions regarding their care and participate in the development and revision of their Plan of Care.
4. Be informed about the nature and purpose of any technical procedure that will be performed, including the potential benefits and burdens, as well as who will perform the procedure.
5. Refuse treatment or services and be informed of the medical consequences of such refusal.
6. Refuse to participate in treatment, investigational medication studies, clinical trials and/or experimental research unless the patient and/or guardian gives documented, voluntary, informed consent.
7. Be treated by a health care provider of their choice, including a physician if applicable.
8. Have personal, financial, and medical information kept private, and be advised of PHS policies and procedures regarding disclosure of such information.
9. Have access to the patient's own records and written information from those records in accordance with state and federal laws.
10. Be treated with consideration, respect and full recognition of individuality, including privacy in treatment and in care of personal needs. PHS staff will respect the property of the patient.
11. Be free from physical and verbal abuse, neglect, financial exploitation, and all forms of maltreatment.
12. Have their cultural, psychosocial, spiritual, and personal values, beliefs, and preferences be respected.
13. Be served by people who are properly trained and competent to perform their duties.
14. Participate in the consideration and resolution of ethical issues and conflicts in decisions that arise in their care.
15. Have an Advance Directive for medical care respected to the extent provided by law (such as living wills or the designation of a surrogate decision maker).
16. Be informed of PHS policy regarding withholding of resuscitation services and the withdrawal of life-sustaining treatment.
17. Receive prompt response to all reasonable inquiries.
18. Complain to staff and others of the patient's choice about services that are provided, or fail to be provided, and the lack of courtesy or respect to the patient or the patient's property, and the right to recommend changes in policies and services, free from retaliation, including the threat of termination of services.
19. Have grievances/complaints regarding treatment or services that are (or fail to be) furnished, or lack of respect for property, investigated.
20. Be informed in reasonable time of the anticipated termination of services or plans for transfer to another agency.
21. Receive all information and notices in plain language and in terms the patient can understand.
22. Receive appropriate care and service without discrimination in accordance with physician orders.
23. Be able to identify visiting personnel members through an agency-generated photo ID.
24. Be informed of any financial benefits when referred to PHS.

Patient Rights & Responsibilities (continued)

STATEMENT OF PATIENT RESPONSIBILITIES

You need to partner with PHS so that the healthcare we provide is safe and effective. As a partner, you agree to do the following:

1. Give PHS accurate information about the patient's medical treatments, medicines, and health insurance.
2. Quickly notify PHS of changes in medical condition, health insurance, doctors, or contact information.
3. Use medical equipment and supplies from PHS according to doctor's orders.
4. Notify PHS if the medical need for rental equipment ends. Allow PHS access to equipment for repair or replacement, maintenance, and pickup of the equipment.
5. Protect PHS rental equipment from damage and follow equipment instructions for safe handling, use, care, and cleaning.
6. Promptly report any equipment failure, malfunction, or damage to PHS.
7. Be available at scheduled times for PHS home care visits and for equipment delivery and pickup.
8. Make timely payments for insurance deductibles and copays, and for products and services insurance does not cover.
9. Follow the PHS Plan of Care and tell PHS if you are unable to do so.
10. Tell PHS about risks you think might be involved with the care PHS provides.
11. Ask questions if you do not understand information you receive from PHS.
12. Treat PHS staff and property with respect.

PHS Notice of HIPAA Privacy Practices

PLEASE REVIEW THIS NOTICE CAREFULLY

This notice describes how medical information about a patient may be used and disclosed and how you can get access to this information.

WHAT ARE PHS HEALTH INFORMATION RESPONSIBILITIES?

As we provide care and service, PHS collects information that becomes part of a patient's medical and billing record. This information is called Protected Health Information (PHI). PHI includes information about the patient we receive from:

- The patient or the patient's legal guardian or principal caregiver.
- The medical people involved in the patient's care, such as doctors, hospital or clinic staff, home care or school nurses, and mental health therapists.
- The patient's health insurance company.

Federal law and our concern about patient protection require us to keep a patient's PHI private. We do this in many ways.

- We have protections for paper and computer records to prevent accidental or intentional change, loss, or misuse of PHI.
- We have written policies protecting PHI that govern how we do business.
- We regularly train all our employees on laws and PHS policies for protecting PHI.
- We require any non-health care industry companies we work with while providing patient services to sign an agreement that requires them to protect your PHI and follow all applicable laws.

If your PHI is ever used or shared in a way that is not allowed by law, and it may put your information at risk, we will notify you as soon as possible but no longer than 60 days after we discover the issue.

HOW DOES PHS USE AND SHARE PROTECTED HEALTH INFORMATION?

Federal law allows PHS to use and share PHI without a patient's written permission for the following six purposes. For each purpose, we list one of many possible examples.

1. Patient Care and Treatment

We may share PHI with other health care providers as we give, manage or coordinate health care and related services for a PHS patient. Example: Speaking with referring health care providers to obtain medical history or determine best equipment, supplies, or medicine for a patient.

2. Payment for PHS Services

We may share PHI with the patient's health insurance provider as we seek payment for PHS services. Example: Sharing PHI to determine whether the patient's health insurance pays for equipment and supplies ordered by the doctor.

PHS Notice of HIPAA Privacy Practices (continued)

3. On-Going Health Care Practices

We may use PHI for business operations and to check that PHS follows all laws and guidelines for providing safe, high-quality patient care. Example: Reviewing medical records to assure we follow proper billing practices.

4. Public Health

We may share PHI with appropriate authorities to prevent serious threat to individual or public health or safety. Example: Sharing a life-threatening patient event involving medical equipment with the federal Food and Drug Administration (FDA).

5. Suspected Abuse or Neglect

We may share PHI with appropriate authorities to address concerns about abuse, neglect, or domestic violence involving a child or vulnerable adult. Example: Sharing a nurse's observations with a county Child Protection Service if there is concern about a child's well-being.

6. Legal Actions

We may share PHI as required for court or law enforcement actions. Example: Sharing a patient's location in response to a court order from the police. In the following situations, federal law requires PHS to seek and receive written permission from the patient or the patient's legal representative before using or sharing PHI in the following situations. PHS must explain to the patient or the patient's legal guardian why and with whom we want to share PHI.

- For requests to use or share PHI for purposes other than the six purposes listed above under "How Does PHS Use and Share Protected Health Information?"
- For most requests to receive or share mental health treatment information contained within the medical record.

The patient or patient's legal guardian can refuse permission to use or share PHI. Refusal does not affect the care or service PHS provides the patient. The patient or patient's legal representative can withdraw permission in writing at any time.

WHAT ARE THE PATIENT'S PRIVACY RIGHTS?

The patient or patient's legal guardian has the following Protected Health Information (PHI) rights. The person can

- Ask that PHS not share PHI for the purposes listed earlier under "How Does PHS Use and Share Protected Health Information?". The request must identify the following:
 - The information PHS should not share
 - The person or organization with whom PHS should not share the information
 - Whether the request applies to written or spoken communication or to both. NOTE: In some cases PHS may not be able to honor the request.
- Instruct PHS to not share information about service the patient or patient's legal representative paid for out of pocket and in full.

PHS Notice of HIPAA Privacy Practices (continued)

- Identify how and where to receive PHI. Examples include telling us we should
 - Send PHI by email, surface mail, or phone.
 - Mail PHI to an address different than the primary address in the medical record.
 - Not leave health information in voice mails or with family members at phone numbers in the medical record.
- Receive a copy of the medical record, not including certain types of mental health treatment information. We send a copy of the record within 30 days of receiving a written request. We may charge a small fee for photocopying and mailing the medical record.
- Ask that we change, add, or remove information in the medical record. We respond in writing within 60 days of receiving the written request. If we agree, we forward the changed or new information to persons or organizations that use the medical record for treatment, payment, or other health care services. If we do not agree, we explain our reasons in writing. The patient or patient's legal guardian can follow the process described below to file a complaint about our decision.
- Receive details about the health information PHS shared for purposes four, five, or six listed on page one and two of this Notice of HIPAA Privacy Practices. The patient or patient's legal guardian can also request details about any loss of PHI that PHS considers not likely to cause patient harm.
- The person must send a signed hard copy letter with any of these requests to the Privacy Officer at PHS by following the process on the next page.

HOW DO I FILE A COMPLAINT?

Contact the Privacy Officer at PHS with questions or concerns about patient privacy rights or PHS privacy policies. The patient or patient's legal guardian can file a complaint with the PHS Privacy Officer if the person thinks there has been a violation of PHI privacy. Contact the PHS Privacy Officer at 651-642-1825 or send a written complaint to the following address:

PHS Privacy Officer
Pediatric Home Service
2800 Cleveland Avenue North, Roseville, MN 55113

The patient or patient's legal guardian has the right to file a complaint with the United States Department of Health and Human Services—Office of Civil Rights. We cannot punish the patient in any way for filing such a complaint.

HOW DOES PHS NOTIFY PATIENTS OF CHANGES TO PRIVACY PRACTICES?

This Notice of HIPAA Privacy Practices went into effect September 1, 2013. PHS has the right to change this Notice and the PHI policies it describes. If we change the Notice of HIPAA Privacy Practices, at a minimum we do the following:

- Put the new Notice on our website (PediatricHomeService.com)
- Post the notice in a public area of our office

The patient or patient's legal representative can request a written copy of the new *Notice of HIPAA Privacy Practices*.

Ordering Supplies

ORDERING

1. If calling to order supplies, plan to place an order monthly as insurance allows billing every 30 days.
2. If you have DME equipment, you will be placed on the customer service calendar and receive a monthly call to place a supply order.
 - Orders are drop-shipped from our vendor.
 - We strive to have the order arrive within 5-7 business days.
 - We do not auto-ship orders. You must place an order with the customer service team.
 - We do not complete same-day orders. Supplies kept in our office are for initial set-ups or emergency on-call.

OPTIONS FOR ORDERING

Use either of the following methods to place your order.

Phone

Call Customer Service Monday through Friday from 9 a.m. to 5 p.m.

Email

Send an email to fla-jac-info@pediatrichomeservice.com (for all locations).

TYPES OF HOME SUPPLY STOCK

The supplies you keep at home fall into two categories. It is important to keep the two types of stock in separate locations.

- **Regular Stock** includes the type and number of PHS items you regularly use in one month of patient care. Patient's needs, doctor's orders, and insurance limits are some factors that determine type and number of regular-stock supplies. Your PHS clinician and Customer Service help you identify which supplies and what amounts to keep in regular stock.
- **Back-up Stock** includes extra amounts of certain regular stock supplies that are critical for health and safety. Back-up stock is for use in unusual situations. For example, your child gets sick and must use more supplies than is normal.

Your PHS clinician and Customer Service help you identify the supplies and amounts you need in back-up stock. Examples of back-up stock include feeding tubes, formula, feeding bags, oximeter probes, suction catheters, sterile water, and trach tubes.

Ordering Supplies (continued)

USE-BY DATES

Packages on many supplies show the date by which you should use the item. Routinely check use-by dates on your regular AND back-up stock. Rotate supplies and use those with soonest use-by dates. Never use a supply that is past its use-by date. You cannot return any item that is past its use-by date for credit or refund.

TIPS FOR ORDERING

- Know the amount of each supply item your child uses in a month. With that information, you can plan how much of each item to order.
- Be sure you have emergency backup supplies in case your child gets sick and uses supplies faster than usual.
- Limit the amount you order to only enough for general use and emergency backup.
- Do NOT order extra supplies if you know the doctor plans a change in the supplies your child needs.

CHANGES IN YOUR CHILD'S INFORMATION

Tell Customer Service or your child's clinician if:

- Your child is admitted into the hospital.
- There is a change in your child's insurance or home address.

CHECKING YOUR ORDER

- Always check your order to make sure there is nothing extra, nothing missing, or nothing different than what you ordered.
- We bill your child's insurance for the products we send you. Call us right away if you find a mistake.

REPORTING BROKEN OR DAMAGED PRODUCTS

- Tell us right away if you have a complaint about any of our products.
- We need the following information if a product is damaged or does not work properly:
 - Product name
 - A detailed explanation of what you think is wrong with the product
 - A photo of the broken or damaged products
- Send the photo and information to info@allaboutpeds.com.

Patient's Bill of Rights and Responsibilities for Clients of Licensed Only Home Care Providers

BILL OF RIGHTS & RESPONSIBILITIES

Florida law requires that your health care provider or health care facility recognize your rights while you are receiving medical care and that you respect the health care provider's or health care facility's right to expect certain behavior on the part of patients as a team member of the Patient Centered Medical Home. You may request a copy of the full text of this law from your health care provider or health care facility. A summary of your rights and responsibilities follows:

1. A patient has the right to a prompt and reasonable response to questions and requests.
2. A patient has the right to know who is providing medical services and who is responsible for his or her care.
3. A patient has the right to know what patient support services are available, including whether an interpreter is available if he or she does not speak English.
4. A patient has the right to know what rules and regulations apply to his or her conduct.
5. A patient has the right to be given by the health care provider information concerning diagnosis, planned course of treatment, alternatives, risks, and prognosis.
6. A patient has the right to refuse any treatment, except as otherwise provided by law.
7. A patient has the right to be given, upon request, full information and necessary counseling on the availability of known financial resources for his or her care.
8. A patient who is eligible for Medicare has the right to know, upon request and in advance of treatment, whether the health care provider or health care facility accepts the Medicare assignment rate.
9. A patient has the right to receive, upon request, prior to treatment, a reasonable estimate of charges for medical care.
10. A patient has the right to receive a copy of a reasonably clear and understandable, itemized bill and, upon request, to have the charges explained.
11. A patient has the right to impartial access to medical treatment or accommodations, regardless of race, national origin, religion, handicap, or source of payment.
12. A patient has the right to treatment for any emergency medical condition that will deteriorate from failure to provide treatment.
13. A patient has the right to know if medical treatment is for purposes of experimental research and to give his or her consent or refusal to participate in such experimental research.
14. A patient has the right to express grievances regarding any violation of his or her rights, as stated in Florida law, through the grievance procedure of the health care provider or health care facility which served him or her and to the appropriate state licensing agency.

Patient's Bill of Rights and Responsibilities for Clients of Licensed Only Home Care Providers (continued)

BILL OF RIGHTS & RESPONSIBILITIES (CONTINUED)

15. A patient is responsible for providing to the health care provider, to the best of his or her knowledge, accurate and complete information about present complaints, past illnesses, hospitalizations, medications, and other matters relating to his or her health.
16. A patient is responsible for reporting unexpected changes in his or her condition to the health care provider.
17. A patient is responsible for reporting to the health care provider whether he or she comprehends a contemplated course of action and what is expected of him or her.
18. A patient is responsible for following the treatment plan recommended by the health care provider.
19. A patient is responsible for keeping appointments and, when he or she is unable to do so for any reason, for notifying the health care provider or health care facility.

Patient's Rights and Responsibilities for Clients of Licensed Only Home Care Providers (continued)

STATEMENT OF RESPONSIBILITIES

You need to partner with PHS so that the healthcare we provide is safe and effective. As a partner, you agree to do the following:

1. Give PHS accurate information about the patient's medical treatments, medicines, and health insurance.
2. Quickly notify PHS of changes in medical condition, health insurance, doctors, or contact information.
3. Use medical equipment and supplies from PHS according to doctor's orders.
4. Notify PHS if the medical need for rental equipment ends and allow PHS access to the equipment for repair/replacement, maintenance, and/or pickup of the equipment.
5. Protect PHS rental equipment from damage and follow equipment instructions for safe handling, use, care, and cleaning.
6. Promptly report any equipment failure, malfunction, or damage to PHS.
7. Be available at scheduled times for PHS home care visits and for equipment delivery and pick-up.
8. Make timely payments for insurance deductibles and co-pays, and for products and services insurance does not cover.
9. Follow the PHS Plan of Care and tell PHS if you are unable to do so.
10. Tell PHS about risks you think might be involved with the care PHS provides.
11. Ask questions if you do not understand information you receive from PHS.
12. Treat PHS staff and property with respect.

Medicare DMEPOS Supplier Standards

Below is an abbreviated version of the supplier standards every Medicare DMEPOS supplier must meet to obtain and retain billing privileges. These standards, in their entirety, are listed in 42 C F R 424.57(c).

1. A supplier must be in compliance with all applicable federal and state licensure and regulatory requirements.
2. A supplier must provide complete and accurate information on the DMEPOS supplier application. Any changes to this information must be reported to the National Supplier Clearinghouse within 30 days.
3. An authorized individual (one whose signature is binding) must sign the enrollment application for billing privileges.
4. A supplier must fill orders from its own inventory or must contract with other companies for the purchase of items necessary to fill the order.
5. A supplier may not contract with any entity that is currently excluded from the Medicare program, any State healthcare programs or from any other federal procurement or non-procurement programs.
6. A supplier must advise beneficiaries that they may rent or purchase inexpensive or routinely purchased durable medical equipment and of the purchase option for capped rental equipment.*
7. A supplier must notify beneficiaries of warranty coverage and honor all warranties under applicable state law and repair or replace free of charge Medicare-covered items that are under warranty.
8. A supplier must maintain a physical facility on an appropriate site and must maintain a visible sign with posted hours of operation. The location must be accessible to the public and staffed during posted hours of business. The location must be at least 200 square feet and contain space for storing records.
9. A supplier must permit CMS or its agents to conduct on-site inspections to ascertain the supplier's compliance with these standards.
10. A supplier must maintain a primary business telephone listed under the name of the business in a local directory or a toll-free number available through directory assistance. The exclusive use of a beeper, answering machine, answering service or cell phone during posted business hours is prohibited.
11. A supplier must have comprehensive liability insurance in the amount of at least \$300,000 that covers both the supplier's place of business and all customers and employees of the supplier. If the supplier manufactures its own items, this insurance must also cover product liability and completed operations.
12. A supplier is prohibited from direct solicitation to Medicare beneficiaries. For complete details on this prohibition, see 42 CFR 424.57 (c) (11).
13. A supplier is responsible for delivery and must instruct beneficiaries on use of Medicare-covered items and maintain proof of delivery and beneficiary instruction.

Medicare DMEPOS Supplier Standards (continued)

14. A supplier must answer questions and respond to complaints of beneficiaries and maintain documentation of such contacts.
15. A supplier must maintain and replace at no charge or repair directly or through a service contract with another company, Medicare-covered items it has rented to beneficiaries.
16. A supplier must accept returns of substandard (less than full quality for the particular item) or unsuitable items (inappropriate for the beneficiary at the time it was fitted and rented or sold) from beneficiaries.
17. A supplier must disclose these standards to each beneficiary it supplies a Medicare-covered item.
18. A supplier must disclose any person having ownership, financial, or control interest in the supplier.
19. A supplier must not convey or reassign a supplier number (i.e., the supplier may not sell or allow another entity to use its Medicare billing number).
20. A supplier must have a complaint resolution protocol established to address beneficiary complaints that relate to these standards. A record of these complaints must be maintained at the physical facility.
21. Complaint records must include the name, address, telephone number, and health insurance claim number of the beneficiary; a summary of the complaint; and any actions taken to resolve it.
22. A supplier must agree to furnish CMS any information required by the Medicare statute and implementing regulations.
23. All suppliers must be accredited by a CMS-approved accreditation organization to receive and retain a supplier billing number. The accreditation must indicate the specific products and services for which the supplier is accredited in order for the supplier to receive payment of those specific products and services (except for certain exempt pharmaceuticals).
24. All suppliers must notify their accreditation organization when a new DMEPOS location is opened.
25. All supplier locations, whether owned or subcontracted, must meet the DMEPOS quality standards and be separately accredited to bill Medicare.
26. All suppliers must disclose upon enrollment all products and services, including the addition of new product lines for which they are seeking accreditation.
27. A supplier must meet the surety bond requirements specified in 42 C.F.R. 424.57(C).
28. A supplier must obtain oxygen from a state-licensed oxygen provider.
29. A supplier must maintain ordering and referring documentation consistent with provisions found in 42 C.F.R.424.516(f).
30. A supplier is prohibited from sharing a practice location with other Medicare providers and suppliers.
31. A supplier must remain open to the public for a minimum of 30 hours per week except for physicians (as defined in section 1848 (j) (3) of the Act) or physical and occupational therapists or a DMEPOS supplier working with custom made orthotics and prosthetics.

Reporting Concerns or Complaints in Florida

Reporting Neglect or Suspected Abuse of a Child

Florida law requires any individual who suspects that a child has been abused by any person to report that to the Florida Abuse Hotline. Any allegations a child was abused or neglected by a caregiver will be investigated by the Department of Children and Families, while allegations of child abuse by someone other than a caregiver will be accepted at the Hotline and immediately electronically transferred to the appropriate local law enforcement agency where the child lives.

Identifying an Adult Patient's Health Care Preferences

You have the right to make decisions about your health care. This includes identifying in advance the health care you want or do not want if you cannot express your wishes yourself. You can do this by completing an advance directive.

For more information about advance directives, please visit <https://quality.healthfinder.fl.gov/report-guides/advance-directives>.

PHS follows the applicable state's laws about advance directives. We tell a patient in writing if PHS cannot follow any part of an advance directive. PHS does not change the service we offer based on whether a patient has an advance directive.
